

Write a Letter to the Editor

The purpose of Letters to the Editor is to inform people about the proposed Cardinal-Hickory Creek transmission line and to keep the issue continually in the public eye. A file containing all Letters to the Editor will be submitted to the Public Service Commission.

You do not need to be an expert to write. Use one of our reasons for opposing or state your own. Different opinions resonate with different people.

To broaden the effect of your message, send the same letter to many newspapers. It does not need to be limited to your local paper. Visit each paper's website for deadlines. Some have restrictions on number of words.
